

# Instant Church Directory (Online directory)

**You're worried about security and privacy, and so are we.**

Your account is protected by a username and password that only you should know. Search engines do not crawl any of the directory data located within the password-protected person. We take your privacy and your church members' privacy very seriously.

**General Security.**

We are always making sure the Instant Church Directory website and databases are up to date with the latest security patches to protect against any current and future security threats. To ensure your directories are safe, **we only allow access to members who are entered in the directory**, and directories are automatically "wiped" from devices if you remove a member from your directory.

---

Hope Church (admin) needs your permission to get your online account started. Once we get your consent, we will add your name/email address on our end which will enable you to create an account. You will receive an email to "confirm your email address", then you simply create your account!
