

Lent 2020: Satisfying Needs

God cares for you in every aspect of your life. Our every need is met by our God. But, what is the difference between a 'need' and a 'want'. Which urges does God satisfy for our good? Which urges should we deny for our own good? How do we know the difference? Let's learn together this season of Lent as we consider the intersection of wants and needs, of our sin and God's gracious gifts. Lent is for learning more about God and ourselves. We invite you to join us as often as you are able!
